1. Introduction

- The Republic of Korea (ROK) Government will start receiving reservations for vaccines to those aged 18-49, Koreans and foreigners, starting August 9th, 2021.
- Those in this age group will receive either Pfizer or Moderna (both are mRNA) vaccine, depending on the quantity of vaccines available on the reserved date.
- Both vaccines require 2 doses, and the 2nd Dose will automatically be reserved on the date 4 (four) weeks from the 1st Inoculation.
- Once reserved, you can be vaccinated from August 26th, 2021 onwards.
- You may only reserve your own vaccine – substitute reservation is not allowed.

2. Guidelines on Reservation (Only those with a Korean Phone Number)

- Starting on August 9th, the ROK Government will implement 10-Day Division to avoid people from being focused on the first date of reservation. Frequently Asked Questions

1. What if I do not have a Korean Phone number?
   A. You can be assisted to call the Call Center of your region to reserve the vaccine during the designated period. List can be found at: https://ncv.kdca.go.kr/menu.es?mid=a11709010000

2. What should I prepare before being vaccinated?
   A. You must be in a healthy condition on the date of vaccination (you will answer series of questionnaires), and must prepare your Passport + ARC when visiting the vaccination site.

3. Am I allowed to take my masks off when I am fully vaccinated?
   A. No. Until at least 70% of population is fully vaccinated, you are not allowed.

4. Will there be way to prove that I am vaccinated?
   A. Yes, you can use the COOV app, developed by the Korean Government, or print Certificate of Vaccination from nearest government office / website.

5. Are there benefits to being vaccinated?
   A. Yes, Korean Government is offering incentives, such as exemption from self-quarantine, number of people in gatherings / events, etc. for those fully vaccinated – meaning that at least 14 days have passed after their 2nd Dose. University is considering to offer incentives, such as sleep-outs to those fully vaccinated (TBD).

6. Can I choose where to be vaccinated?
   A. You can choose any hospitals participating in the program near to you.

7. Will I be free to travel after being fully vaccinated?
   A. As it is being practiced right now, there are no restriction in traveling elsewhere within Korea. However, as the cases are still high, you should continue to practice caution in traveling as you are doing so right now.

8. Are there any side effects?
   A. Side effects may vary from person to person, from mild fever and soreness to myocarditis & pericarditis (extremely rare). Details regarding possible side effects should be referred to CDC’s website at https://www.cdc.gov/coronavirus/2019-ncov/vaccines/expect/after.html
